

hop additions for small batch brewery kits

pack each hop addition into separate bags and vacuum together so an A and B pack in each same hop packs for all grain or extract recipe kits

Each recipe tells you which hop packs are required for the recipe

Uk hop packs

A. Goldings

B. Fuggles

4.5l	10 grams of each
11L	24 grams of each
23L	50 grams of each

US hop Packs

A. Simcoe

B. Centennial

4.5l	6 grams of each
11L	18 grams of each
23L	36 grams of each

Continental hop packs

(only one hop used for these)

Perle

4.5L	8 grams
11L	23 grams
23L	46 grams

NEIPA hop packs (citra would be the default hop for this kit)

the customer chooses their choice from whichever hops you offer. Prices differ depending on

9L kits needs 100gm of one of these hops	citra, amarillo, azacca, idaho, el dorado, m
19L kit needs 200gm of one of these hops	as above
4.5L kit needs 50gms of one of these hops	as above

| vacuum pack.

on the hop choice.
osaic, motueka, simcoe
